Natalie Manning

**INTERIOR DESIGNER
AND CO-OWNER,
PROPERTY LIPSTICK**

Eclectic treasures and travel finds conjure up happy memories in Natalie's Sydney terrace.

VASE A gift from my mum. It's beautiful either on its own or with a small posy.

COFFEE TABLE This little cane table is a footstool, but it's the perfect size for my little terrace. I love its texture and rustic charm.

SOFA It reminds me of the English home magazines I'd read while living in London.

CUSHION This Skull & Crossbones embroidered cushion is one of my favourite things from our New Beach Road online store.

WATERCOLOUR Found in an antique store in Limoges, France. I came home with this carefully wrapped in the middle of my suitcase.

ROMAN SOLDIER STATUE He's grand and stoic. I gave him a living moss collar to match his mossy knees.

SILVER TROPHY My grandfather won it in a tennis match in 1939 – a lovely piece of family history.

ORCHIDS Indoor plants and fresh flowers really bring a home to life.

BOOKS They're like old friends – I find them comforting and inspirational.

TIMBER CHAIR A £5 find at a London antique fair.

I love the excitement of flea and antique markets.
